company information

A World-class British Manufacturer and proud of it!

Sitting on the edge of Dartmoor, where tile manufacturing has taken place for well over a century, British Ceramic Tile is now a market leading, 24/7 manufacturing operation that can legitimately claim to be world-class. Following a multi-million pound investment programme, British Ceramic Tile now combines the very best of British design with quality, value and a serious approach to social and environmental responsibilities.

Designed in the UK for the UK

Our tiles are created by some of the UK's leading designers, who keep one step ahead of the latest interior trends. Our team ensures that our tiles offer choice, flexibility and the ability to co-ordinate with kitchens and bathrooms, whatever your taste. Whether you're looking for something inspirational, something that suits your style of living, or something that simply suits your budget, you're sure to find something from within our Inspirations, Living and Essentials collections. Alternatively, you might like the idea of something from within our Signature Collection, which includes ranges from both Laura Ashley and Studio Conran. Whatever your choice there's something, we're confident, that will look great, feel great and that you'll simply fall in love with.

Environmentally Active

At British Ceramic Tile we are committed to sustainable working and reducing our impact on the environment. We source our raw materials locally and recycle as much as we can, including rainwater, back into the production process. Our efforts earned us the Millennium Business Award for Leadership and Environment as early as 2000 and, more recently, we received ISO14001 accreditation.

Corporately and Socially Responsible

As an established manufacturer we are acutely aware of our responsibilities towards our employees, our suppliers and towards the local community. Full details of our 'Vision and Values' are set out in our Corporate Social Responsibility brochure.

Quality you can trust

Our range is manufactured to stringent quality standards, which surpass the latest British and European regulations EN14411. The honeycomb back to our tiles, together with the recessed tile corners, have been specially developed to allow greater adhesion and ease of tiling. All our tiles are modular metric and include provision for a suitable grout gap. We remain committed to continuous innovation in both design and quality and our achievements have gained due recognition by our industry peers.

We hope the following pages will hold something to stir your senses and we're pleased that you are considering buying British. If you have any questions, please don't hesitate to contact our customer services team on 0845 873 1259.

Elgin Marbles

Essentially British wall and floor tiles

Elgin Marbles is a classical collection with a contemporary twist, inspired by the timeless elegance of real marble. The reputation of marble has endured for thousands of years, from Caesar's courtyards to the palaces of Renaissance Europe. It is valued for its refined appearance. A classic look, a contemporary feel, an enduring love.

grout & adhesive

Now that you've chosen your tiles it's important that you use adhesives and grouts that will perform in the environment in which those tiles are to be fixed. British Ceramic Tile have teamed up with Mapei, one of the world's leading manufacturers, to bring you a range of wall and floor tile adhesives and grouts that we know will perform wherever you choose to fix them. As well as the British Ceramic Tile branded adhesives and grouts shown here, we also offer a comprehensive range of Mapei branded products. Ask your stockist for details.
